TORTORA

SMOKE

Terrazzo Lombardo is a brand new concept in our natural porcelain stone portfolio, a modern revisitation of the highly popular Italian stone floors which can be found in many cities of Lombardia, especially Milan, mainly in the early 20th century architecture marked by the use of this sedimentary rock formed on the shores of Lake Iseo, north of Milan, known as Ceppo di Gré.

A unique product, where natural elements are reinterpreted in a creative way according to contemporary cravings.

TERRAZZO TORTORA

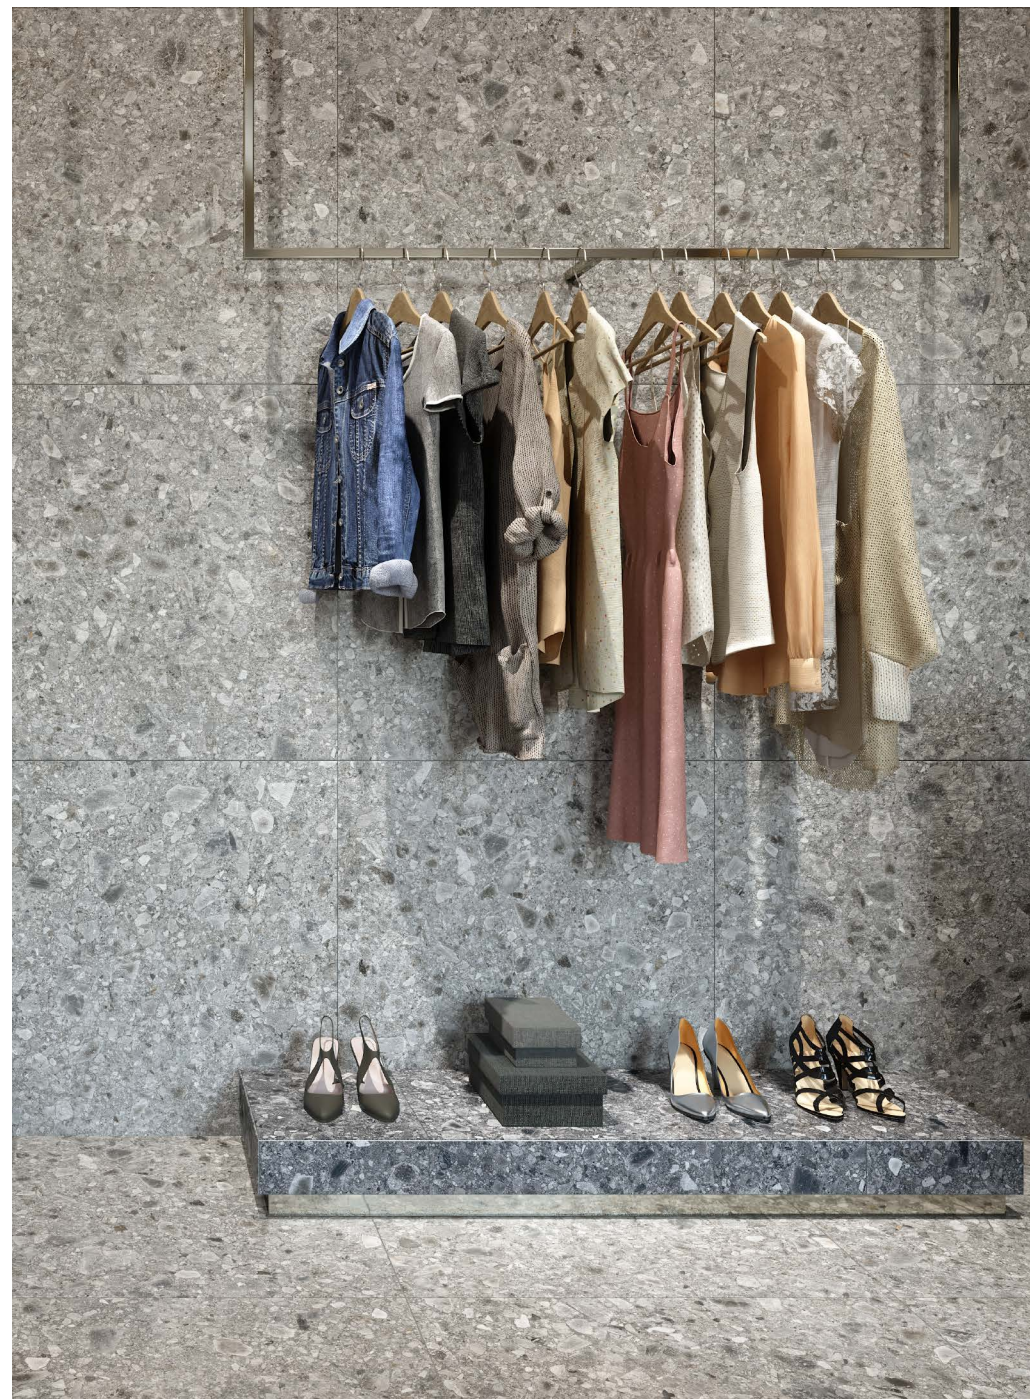

Terrazzo Lombardo is a material with a distinctive harmoniously random texture, with pebbles of different colors and size and shade-on-shade effects, true evocation of a classic natural stone.

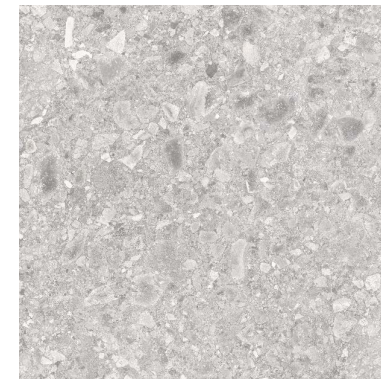

TERRAZZO GREY SMOKE

A particular material that combines sobriety with boldness and contemporary spirit, a expressing with vigor the aesthetics of Milan perfect for both residential and commercial interior design.
